

Community Foundation of Greater Memphis GiVE 365 Advisory Team

The GiVE 365 Advisory Team (A-Team), acting on behalf of the membership, will provide direction and guidance to Community Foundation staff in relation to the ongoing programmatic needs and growth of GiVE 365.

A Chair nominated by CFGM staff and elected by a vote from the full membership will lead the A-Team. The Chair is responsible for facilitating A-Team meetings and ensuring that the membership is accurately represented in all pertinent GiVE 365 discussions and activities.

The A-Team should be composed of a minimum of eight GiVE 365 members with no more than 15 members at any given time, including the Chair. All A-Team members should be current GiVE 365 members.

The A-Team:

- Provides strategic advice, from a member perspective, in relation to all major initiatives and programmatic changes.
- Advises and advocates for member views so they are recognized and reflected in service delivery, planning, and policy development.
- Identifies and advises the CFGM staff on priority areas and issues requiring member participation.
- Participates in strategic discussions related to GiVE 365.
- Assists in the identification of membership development and retention activities.
- Reviews annual membership satisfaction survey and address any important issues.

Meeting Schedule:

The A-Team will have an average of six meetings per year at the Community Foundation. Exact times and dates of these meetings will be determined by committee and staff consensus.

Terms:

To ensure adequate continuity of leadership, the Chair will serve a two-year term. Advisory Team general members will serve one-year terms, and may serve a maximum of three successive terms. After two years off of the team, members may serve again. A slate including the Chair and the general Advisory Team members will be presented to the full membership for election annually.
